adventure D 10 x 26

ART. NR. 4276126

Product Benefits

- ✓ Compact all-rounder for the perfect leisure adventure.

Product Properties

- Durable housing with non-slip rubber reinforcement protects optimally against knocks and dropping.
- Brilliant, true colour images due to full multi-coated lenses and BaK-4 prisms.
- A slim, ergonomic shape guarantees optimum grip.
- Low weight of just 270 or 282 grams.
- Weatherproof because watertight.
- Nitrogen filling prevents misting of the internal optics even if the temperature or altitude changes considerably.
- Spectacle eyepieces afford an optimal field of view even when wearing (sun) glasses.
- Stable tripod thread ensures shake-free viewing pleasure at all times.

Product Accessories

Padded carrying strap, dust protection caps, high-quality carrying bag.

arena® F+ 10 x 25

ART. NR. 4256125

Product Properties

- Space-saving: Thanks to their practical fold-up design, the arena® F binoculars will fit in any rucksack or trouser pocket.
- Brilliant, true colour images due to BaK-4 prisms and full multi-coating.
- Extremely easy to handle: Compact form and anti-slip rubber coating allow both models to lie comfortably and securely in the hand.
- Nitrogen filling prevents misting of the internal optics if the temperature fluctuates.
- Weatherproof due to the watertight housing.

Product Accessories

Belt case and carry cord.

FIELD GLASSES

arena® D+ 8 x 42

ART. NR. 4254842

Dependable companion for newcomers to bird and wildlife observation.

Product Properties

- Bright, true-to-life images thanks to high quality BaK-4 prisms whose light transmitting capacity is further increased by silvering. A coincident reduction in harmful UV radiation ensures eye-friendly joy of discovery at all times.
- Absolutely watertight and thus suitable for any kind of weather.
- Nitrogen filling prevents misting of the internal optics if the temperature fluctuates.
- Spectacle eyepieces afford an optimal field of view even when wearing (sun) glasses.
- Stable tripod thread ensures shake-free viewing pleasure at all times.

Product Accessories

Comfortable carrying strap, bag, protective dust caps.

FIELD GLASSES

arena® D+ 10 x 50

ART. NR. 4254150

Powerful starter model for an unspoilt far view of nature.

Product Properties

- High image quality thanks to top quality BaK-4 prisms.
- Exceptionally bright due to a 50 mm diameter lens and additional silvering of the prisms thereby increases their light transmitting capacity.
- Eye-friendly observation since the silvering coincidentally reduces harmful UV radiation .
- Absolutely watertight and thus suitable for any kind of weather.
- Nitrogen filling prevents misting of the internal optics if the temperature fluctuates.
- Spectacle eyepieces afford an optimal field of view even when wearing (sun) glasses.
- Stable tripod thread ensures shake-free viewing pleasure at all times.
- Accessories: Comfortable carrying strap, bag, protective dust caps.

FIELD GLASSES

club® 10 x 25

ART. NR. 4264125

The “Little black number” for men.

Product Properties

- Ideal lifestyle binoculars for leisure, travel, sport and the theatre.
- Timeless design: As a successor to the classic award-winning Eschenbach binoculars on show at New York’s Museum of Modern Art, the club® appears in elegant black with precious metal detailing.
- Excellent image quality thanks to phase-corrected BaK-4 prisms and fully multi-coated lenses.
- Easy to handle and lightweight: O wing to their compactness and light weight, they will fit in any shirt or jacket pocket.
- Watertight and nitrogen filled.
- Spectacle eyepieces afford an optimal field of view even when wearing (sun) glasses.

Product Accessories

High quality leather case, carrying strap, dust protection caps.

FIELD GLASSES

regatta®

ART. NR. 4250842

Stylish elegant binoculars for demanding individualists.

Product Properties

- Optimal colour accuracy: The special “naturebright” coating ensures exceptional true colour, bright and high contrast image reproduction.
- Perfect brilliance: Thanks to phase-corrected high quality BaK-4/BK-7 prisms, the regatta® 8 x 42 B offers an optimal viewing experience with excellent resolving capacity.
- Stylish design.
- Weatherproof at all times because watertight and nitrogen filled.
- Robust and lightweight due to the impact resistant magnesium body.
- Stable tripod thread ensures shake-free viewing pleasure at all times.

Product Accessories

Protective dust caps, padded carrying strap, watertight neoprene bag.

FIELD GLASSES

farlux® APO 10 x 42

ART. NR. 4274142

THE FIRST CHOICE OF ORNITHOLOGISTS AND DISCERNING NATURE LOVERS

Product Properties

- Extra-large field of view: High-quality, super wide-angle optics, combined with a 42 mm lens diameter, ensure optimal clear viewing, even at dusk.
- Apochromatic optical system: Fluoride-containing ELD lenses ensure exceptionally true-colour, high-luminosity and high-contrast image reproduction. At the same time, colour fringing at the edge of images is reduced to a minimum.
- Light transmission of over 90% thanks to fully multi-coated optics.
- Flat Field Vision: High edge sharpness thanks to a smoothed image field.
- High brilliance thanks to phase-corrected BaK-4 prisms featuring dielectric mirror coating.
- Particularly hard-wearing thanks to an impact-resistant magnesium housing.
- Water- and dirt-repellent objective and eyepiece coatings guarantee clear vision at all times.
- Waterproof and nitrogen-filled.
- Spectacle eyepieces also provide those wearing (sun)glasses with an optimum field of view.
- A stable tripod thread ensures steady viewing at all times.
- In addition to a 10 year warranty, Warranty Plus* is also provided.

[farlux® APO 10 x 42](#)

SHOW PRODUCT >

sektor D 8 x 32 compact+

ART. NR. 4251832

Lightweight all-rounder for spontaneous nature trips.

Product Properties

- Brilliant, true-to-life colour images thanks to phase-corrected Bak-4 prisms and fully multi-coated lenses.
- Functional design combines a modern look with compact form that lies well in the hand for both quick use and prolonged observation.
- An open bridge makes focusing child's play, even using just one hand.
- Very light: Thanks to the polycarbonate body, the weight of both models is insignificant at merely 389 and 394 grams respectively.
- Durable robust housing with anti-slip rubber coating.
- Can be used in any weather thanks to a waterproof housing and nitrogen filling that prevents misting of the internal optics if the temperature fluctuates.
- Spectacle eyepieces afford an optimal field of view even when wearing (sun) glasses.
- Stable tripod thread ensures shake-free viewing pleasure at all times.
- Dioptre adjustment with reliable "click-locking".

FIELD GLASSES

trophy[®] D 8 x 32 ED

ART. NR. 4232832

High performance binoculars with an extra wide field of view – perfect for any occasion.

Product Properties

- Extra wide field of view: High quality wide-angle optics ensure greater viewing freedom and maximum observational comfort.
- True colour images with excellent stereoscopic depth: thanks to multi-coated high performance lenses of special extra-low-dispersion glass.
- High brilliance from phase-corrected BaK-4 prisms with a dielectric mirror coating
- Extremely robust: High quality metal adjustment wheels and an impact-resistant magnalium housing guarantee sustained observation pleasure.
- Weatherproof because watertight and nitrogen filled.
- Spectacle eyepieces afford an optimal field of view even when wearing (sun) glasses.
- Stable tripod thread ensures shake-free viewing pleasure at all times.

Product Accessories

Protective dust caps, comfortable carrying strap with quick-release fastener, high quality carry-case.

Technical data

FIELD GLASSES

trophy® D 10 x 42 ED

ART. NR. 4232142

High quality wide angle optics for observing birds and wildlife that is “on the move”

Product Properties

- Bright, extra-wide field of view: High quality, wide-angle optics in combination with a 42 mm lens diameter ensure optimum viewing freedom even under adverse light conditions.
- High colour accuracy and sharpness of details: The multi-coated lenses are of special extra-low-dispersion glass that renders extremely detailed images with stereoscopic depth.
- Brilliant, high contrast images thanks to phase-corrected BaK-4 high reflection prisms with a dielectric mirror coating.
- Extremely durable due to impact-resistant magnesium housing and high quality metal wheels.
- Watertight and nitrogen filled.
- Spectacle eyepieces afford an optimal field of view even when wearing (sun) glasses.
- Stable tripod thread ensures shake-free viewing pleasure at all times.

Product Accessories

Protective dust caps, comfortable carrying strap with quick-release fastener, high quality carry-case.

Materials

sektor D 8 x 56 compact+

ART. NR. 4251856

At only 1,038 grams one of the lightest hunter's binoculars on the market.

Product Properties

- Best brightness: With a lens diameter of 56 mm is ideally suited for hunting.
- Brilliant, true-to-life colour images thanks to phase-corrected Bak-4 prisms and fully multi-coated lenses.
- A design that unites a modern look, graspable shape and optimal weight of 1,038 grams, and also lies well in the hand for prolonged observation. The open bridge makes focusing easy.
- Extremely robust: Extremely robust and shock resistant thanks to the magnesium body.
- Equipped for any weather thanks to a waterproof housing and nitrogen filling that prevents misting of the internal optics if the temperature fluctuates.
- Spectacle eyepieces afford an optimal field of view even when wearing (sun) glasses.
- Stable tripod thread ensures shake-free viewing pleasure at all times.
- Dioptre adjustment with reliable "click-locking"

Product Accessories

Carrying strap with quick-release fastener, high quality case, practical dust protection caps.

Materials

trophy® F 8 x 25 ED Ww

ART. NR. 4267825

Handy binoculars for quick observation in any weather conditions.

Product Properties

- Space-saving: With their practical fold-up design, trophy® F-B binoculars fit easily and quickly in any bag.
- Particularly large field of view due to high quality, wide angle optics
- Very high colour fidelity and exceptional stereoscopic depth due to multi-coated high performance lenses made from special extra low dispersion glass
- Phase corrected BaK-4 prisms with dielectric mirror coating
- Extremely robust due to high quality, metal focusing wheels and magnesium housing
- Full field of view even for wearers of (sun-) glasses through special eyepieces with retractable cups.
- Nitrogen filling prevents misting of the internal optics if the temperature fluctuates.
- Weatherproof due to the watertight housing.

Product Accessories

Carrying strap, dust protection caps, belt bag.

trophy® P 8 x 56

ART. NR. 4236856

Bright images showing every detail: hunting binoculars that meet the most demanding requirements.

Product Properties

- The particularly bright trophy® P 8 x 56 are the hunting binoculars of the trophy® P Series
- Sharp, high-contrast, true-colour images thanks to full multi-coated lenses and BaK-4 prisms
- Bright images until dusk falls: These binoculars offer excellent vision even in poor light conditions
- Particularly vivid image display due to Porro binocular geometry
- Innovative design ensures a modern look and optimum handling
- Weatherproof because watertight
- Nitrogen filling prevents misting of the internal optics even if the temperature or altitude changes considerably
- Spectacle eyepieces afford an optimal field of view even when wearing (sun) glasses
- In addition to the 10-year warranty, you benefit from the special Warranty Plus package

Product Accessories

Carrying strap with quick-release fastener, case, protective dust caps.
